Elite vs. Freedom is an action-packed Indie third-person shooter game, set in a dystopian society.

In the near future, the Earth is controlled by a global government. The Elite rule this new world order. Executive power is enforced by the World Police Department. Few dare to resist this neo-feudalistic, corporatist, police state. Leading the insurgence, a group known as Freedom takes up the fight.

Game features:

Choose from two playable factions (Elite SWAT officers or Freedom insurgents). Fight using weapon combos specialized for melee and ranged attack. Use the cover system to fight against AI controlled human and drone combatants and receive backup from AI controlled allies. Game levels are set in key locations around the globe with options to play in:

- Single-Player: Play the Elite and Freedom campaigns through 14 different missions, with story and mission briefings conveyed through 16 motion comics.
- Co-Op Multiplayer: Play all single-player campaign missions online with up to 4 friends.
- Classic (player vs. player) Multiplayer: Fight against other players online through 7 different maps. Playable in 4 different game modes with up to 20 players per map.
